**To:** Mark W. Bennett; gia@samavatilawfirm.com  
**Cc:** Shaitelman, Kenneth (USATXS)  
**Subject:** RE: [EXTERNAL] Jetallcompanies Emails

Mark,

Why are accounts not being produced now? Because the accounts are available, Respondents' refusal to produce them is an intentional delay. Respondents are dragging this out just as they have done during this entire proceeding.

Best,  
Anthony

**Subject:** Re: [EXTERNAL] Jetallcompanies Emails

Hi, all.

The list that we provided is the list of extant google accounts under jetallcompanies.com.

I am guardedly optimistic that all extant accounts will be produced by June 11.

Have a good week.

Mark and Gia,

We have received no communication from Respondents since my last email below and no further production of documents. Respondents are intentionally dragging this out. More than two weeks ago Mr. Bennett said there are no Jetall Companies email accounts that are inaccessible and yet Respondents have produced only two accounts: a “service” mailbox for tenants and Dward Darjean.

Respondents continue to be in violation of Judge Rosenthal’s Orders to produce Jetall’s email. Produce the email accounts identified in my email below immediately.

Best,  
Anthony

Mark,  
The Court ordered yesterday that all Jetall accounts be produced by June 11. The production of all accounts below must be on a rolling basis. It is not acceptable that the accounts be uploaded to the United States at the last second. In addition to Mr. Choudhri’s account that you committed to produce no later than next week, Jetall must also prioritize the production of certain other accounts. Produce immediately the accounts for Brad Parker, Stephanie Alvarez, Stephanie Gallegos, and Chris Wyatt.

I do not see Julie Golden in the list below. Confirm if her account is part of another account below or was not included in this list.

Best,  
Anthony

Surely.

The two updated today are

service (takeout-20250524T154921Z-1-001) and  
dward.d (takeout-20250519T140011Z-1-001)  
each @jetallcompanies.com.

Mark,  
Can you identify for us which accounts they have been able to access so far? Perhaps you could highlight in yellow the accounts below that they have been able to access.

As you upload the separate accounts, can you please identify the email account in the filename so we know whose email the file contains. Or email me a list that identifies what account is connected to what file.

Best,  
Anthony

My best information is that Respondents have not yet found one they cannot access.

We have started the uploads.

Mark,  
Please identify which of these accounts Respondents allege  
they cannot currently access.

If Respondents claim they cannot access an account because  
of two factor authentication, explain why they are not able to  
access the account. A brief Google search appears to show  
there are multiple ways for an administrator to get  
around/disable two factor authentication in a Google account.

Best,  
Anthony
